

Health & Safety Protocol Update:

Effective Sunday May 23rd, 2021

In keeping with the CDC update last week, beginning *THIS SUNDAY, May 23rd*, we are no longer asking those who are fully vaccinated to wear a mask on campus.

Within the worship center we will have two sections (far left and far right) that will still have every other row closed to facilitate physical distancing for those who desire it. All rows within the center sections and balcony of the worship center will be open and available for seating.

We ask that those who are not vaccinated continue to use masks as advised by the CDC. (We respect parents' decisions regarding mask usage for their children.)

To protect the health of all who come to our campus, please stay home if you are sick.

Thank you all for your diligence throughout this pandemic.

We are moving forward together!
